

Junior DevOps Engineer

Novi Sad, Serbia | Full time

Company Description

Sixsentix ranks among the fastest growing companies in Europe, among the top 3 fast growing companies in Switzerland, was recognized as one of the top small businesses in Serbia, and is among the top 50 global most valuable brands! With offices in Zurich, Vienna, Belgrade, Novi Sad and a strong presence in Abu Dhabi, we provide Software Agile Testing Services with advanced analytics to the largest banks, financial services, insurance and telecom companies. We are looking for a new member of our growing company. Join our [Sixsentix](#) Team!

Job Description

- Collaborate with teams in Austria, Serbia and Switzerland
- Monitor the system on a daily basis and immediately respond to security or usability concerns
- Respond to and resolve help desk requests that fall under the domain of your job description
- Contribute to and maintain system standards
- Coordinate with the development team, with the focus on providing expertise in configuring, running, maintaining and continuously improving automated procedures to build, deploy, test and monitor software releases
- Develop automated monitoring and alerting tools/scripts
- Provide support during the standard working hours of the office in Serbia (no requirement of after-hours or night work)

Qualifications

- Knowledge and experience with Linux operating system and/or Java, Ubuntu and RedHat are a plus
- Experience in supporting development teams in everyday operations
- Experience with scripting languages (e.g. Bash, PowerShell, Perl, Ruby, Python...)
- Virtualization and container platforms (VMWare, Hyper-V)
- Familiarity with the concepts of continuous integration/delivery and tools (e.g. Jenkins, Team City, SonarQube, GitHub, GitLab, AppDynamics, etc.)
- Configuring database servers and writing basic SQL scripts with Oracle, MS SQL or Postgres
- Strong written and verbal communication skills in English
- Academic degree in computer science or IT
- Highly motivated with advanced organizational and problem-solving skills

What We Offer

- Challenging professional opportunities in a fast growing, highly successful company
- Work with the latest tools and technology
- High IT infrastructure standards
- Comprehensive training and certifications
- Personal & professional development
- Challenging projects
- Innovative culture
- A flexible and open working atmosphere
- Competitive salary
- Excellent benefits: e.g. private health insurance with 1 year of service, accident insurance 24/7, etc.
- Extra vacation days plus company days between New Year and Christmas
- Recognition, opportunity for advancement and long-term service awards

We look forward to receiving your electronic application (CV, reference letters, etc.) by email to careers.rs@sixsentix.com. Find more information about Sixsentix on www.sixsentix.com
