

Junior Test Engineer / Trainee

Warsaw, Poland | Full-time

Everyone says it, we live it: we are agile!

Can you envision your career at a place where what you do is acknowledged and regarded as important?

Yes? Then keep on reading.

Our aim is to be a fully agile organization and through our methodology we ensure the best test automation services to our clients. Are you up for the challenge?

Yes? Then keep on reading.

Thanks to our flat hierarchy and the short decision paths, we offer our employees a working place where they can have an impact. Due to our agile mindset we are continuously pushing our organization forward by being open minded and by welcoming new ideas and improvements. We are looking for people who love to go the extra mile and will help us achieving our growth plan.

Send us your application if the following job content suits your interests and skill set:

- Delivering client oriented and quality ensured solutions in an agile environment
- Hands-on test consulting and test automation for our clients in finance, insurance, telco and other industries
- Be a significant part of our Sixsentix - SWAT Teams, ensure meaningful improvements in Quality and optimize Test Coverage
- Collaborate closely with our Teams located in different countries

And if you have gained on the job experience in the following areas:

- You've graduated from technical university or specialty OR have strong interest in IT and Software Development
- Test manual or automation experience is something where you'd like to dive in and develop yourself within purely Test Organization
- >1/2y experience in testing as Test Engineer, Test Analyst or Test Automation Engineer equivalent would be an advantage BUT not required
- Proactiveness and willingness to learn new things within testing field (manual and automation)
- Technical IT knowledge would be an advantage (programming, DB, etc.)

We look forward to receiving your electronic application (CV, reference letters, etc.) by email to careers.pl@sixsentix.com. Find more information about Sixsentix on www.sixsentix.com
