

Technical Tool Expert - Zurich, Switzerland

Our mission is to raise the bar when it comes to software testing and meet and exceed the expectations of our customers and partners. We are growing and looking to expand our team to better service our enterprise and financial services customers. We offer a super work climate with excellent benefits.

Sixsentix announces an open position for Technical Tool Expert of the [Software Agile Testing \(SWAT\) Team](#) for the purpose of a new project for a well-known Swiss client.

Technical Tool Expert (F/M), full-time

The Technical Tool Expert is responsible for the configuration and technical support of the test automation from a technical perspective (controls). He is particularly important for the test automation usage. The Technical Tool Expert must undergo a special training since his main task is to provide a specific, targeted support. He performs technical tasks for GUI and Non-GUI test automations. His position assumes elaborate knowledge of wide-ranging programming skills. Technical requirements may be slightly adjusted in accordance with the test automation testing tools.

Your Tasks

- Adaption and extension of required controls
- Configuration of new controls GUI and Non-GUI
- Test Case automation (Non-GUI)
- Technical integration of testing tools (interfaces)
- Project artefacts: ensure the necessary technical controls for test automation, integration of the testing tools, partial development of automated test cases, reporting to the testing principal

Our Requirements

- Academic degree (IT Engineer) or comparable job experience
- Expert know-how within TOSCA TestsuiteTM and its technical controls (including customizations)
- Excellent programming skills in Visual Basic, Java and other programming languages to build up the automation control process
- Excellent knowledge of the software test process
- Development background
- Fluent German and English skills (oral and written)
- Very experienced MS Office user

What we Offer

- Competitive salary
- Excellent benefits
- Professional work environment
- Personal & professional development
- Challenging projects
- Innovative culture
- Work with the latest tools and technology
- High IT infrastructure standards
- A flexible and open working atmosphere
- Recognition and opportunity for advancement
- Working on projects for leading enterprises and financial services customers

We look forward to receiving your electronic application (CV, reference letters etc.) by email to careers.ch@sixsentix.com
